FIELD SERVICE PRACTICE LEADER | ENTERPRISE DYNAMICS 365 | AI-GROUNDED SERVICE OPERATIONS

Forty-five-year enterprise technology leader with progressive responsibility across technical sales, solution delivery, global readiness, and practice leadership. Sustained tenure as a Microsoft Global Black Belt Director for Dynamics 365 Field Service. Most recently Field Service Consulting Global Director at Alithya, building the practice from zero. Currently founder of NukaSoft.AI, building AI-grounded service-operations solutions on Anthropic's Claude platform. Four-time Microsoft Titanium Award recipient, two-time Microsoft Pinnacle Award for Innovation winner, five-year Scribe MVP, acknowledged in the fourth edition of Paul Greenberg's *CRM at the Speed of Light*, and author of *Sell Like A Pro #1: Hacks To Launch Your Career In Technical Sales*.

CAREER HIGHLIGHTS

- Carried the Dynamics 365 Field Service portfolio at Microsoft for most of a decade. Senior Global Black Belt, Director Global Black Belt for Energy and Manufacturing, and Biz Apps Technical Director for Manufacturing and Automotive.
- Four Microsoft Titanium Awards during the Global Black Belt tenure. Two Microsoft Pinnacle Awards for Innovation at EHTC. Microsoft President's Club finish at EHTC. Scribe MVP five consecutive years.
- Created Microsoft Field Service Reference Architecture for the Oil Field Service Industry.
- Built the Alithya Field Service consulting practice from zero in 2025. Personally owned discovery, proposal, Solution Architecture, Internal GTM, and engagement oversight.
- Directed Industrial Metaverse Activation in Microsoft Business Applications, driving HoloLens, Remote Assist, and connected-factory go-to-market into Industry 4.0 accounts.
- Onboarded hundreds of sellers in FY22 as Director of Worldwide Readiness for Dynamics Field Service and Remote Assist during the COVID pivot to all-online delivery. Created all content, lessons, coaching, and mentoring.
- Co-authored three chapters of *Sams Teach Yourself Microsoft Dynamics CRM 2011 in 24 Hours* (Pearson / Sams) and authored *Sell Like A Pro #1* (Hustle Is The Hack, LLC, 2024).
- Acknowledged in the fourth edition of Paul Greenberg's *CRM at the Speed of Light*.
- Host and producer of the *Field Service Live* LinkedIn Live stream and *The Technical Seller* podcast across three seasons.

CORE COMPETENCIES

Dynamics 365 Field Service | Resource Scheduling Optimization (RSO) | Connected Field Service (CFS) | IoT & Remote Assist | Industrial Metaverse | Agile Factory | SAP on Azure | Power Platform | Copilot Agents | AI Governance | CE to F&O Integration | Azure Data Factory | Dual Write | CRM Architecture | Technical Sales Readiness | Solution Selling | SPIN Selling | MCEM | Practice Development | Executive Briefing | Community Building | Global Readiness

PROFESSIONAL EXPERIENCE

NukaSoft.AI | Founder

Grand Rapids, MI | Jan 2026 to Present

Independent product company building AI-grounded service operations tooling on Anthropic's Claude platform. Designing and shipping a production agent platform for small and mid-market service organizations.

- Architected and shipped the Skippy Brain monorepo: a production Claude-based agent system with specialist personas owning real business domains (career operations, consumer protection, fleet operations, content production, reliability, network operations, universal communications).
- Shipping commercial products under the Do Nothing Company brand (donothingcompany.com / .ai): unplayer.ai, uncash.ai, unpass.ai, unreader.ai. Consumer-facing AI tools built on the NukaSoft foundation.
- Designed the MCP Service methodology, a novel CE-to-F&O integration pattern using AI as the bridge rather than traditional Dual Write. Addresses a gap Fortune-scale customers hit repeatedly during the Microsoft tenure.

Alithya | Field Service Consulting Global Director

Remote | Jan 2025 to Apr 2026

Built the Field Service consulting practice from zero. Practice architecture, delivery methodology, AI governance framework, go-to-market strategy, and the first wave of signed engagements.

- Personally carried the discovery, proposal, and contract execution cycle on the earliest practice engagements. First in the door, first to write the SOW, first to close.
- Authored the practice playbook covering D365 Field Service architecture: RSO, Connected Field Service, IoT integration, Power Platform extensions, Copilot agent deployment patterns.
- Built the AI governance framework for service organizations: guardrails, audit logging, responsible-use policy, human-in-the-loop requirements for autonomous agents.
- Delivered executive briefings to enterprise service operations on AI adoption, agent readiness, and operational modernization.

The Technical Seller | Principal Owner

Hudsonville, MI | Jan 2022 to Present

Personal brand and independent operating entity for sales enablement, podcasting, content production, and community building in the Dynamics and technical sales space. Operates alongside W-2 and consulting engagements.

- Host and producer of the *Field Service Live* LinkedIn Live stream and *The Technical Seller* podcast. Three seasons, 24 plus episodes.
- Author of the *Hustle Is The Hack* blog (hustleisthehack.com) and the 52 Technical Sales Hacks book series. Book #1, *Sell Like A Pro*, published December 2024.
- Produces the *Infuse Me* YouTube channel (youtube.com/@infuseme2).

Microsoft | Redmond, WA

Dec 2015 to Aug 2024

Nine years at Microsoft across progressively senior Director-level Global Black Belt and Readiness roles spanning Dynamics 365 Field Service, Industrial Metaverse, Connected Field Service, Agile Factory, and the Nuance Call Center AI integration.

Senior Readiness Director | Call Center AI, Nuance Enterprise Integration, Cloud & AI Platform (2023 to 2024)

Drove the Microsoft Cloud and AI Platform sales organization through the post-acquisition integration of Nuance. Conversational AI, ambient clinical intelligence, contact center as a service.

- Migrated a global sales team off Salesforce and onto Microsoft's operating model while simultaneously educating them on an unfamiliar product portfolio.
- Built the Nuance enablement library from scratch: presentations, demos, briefings, FAQs, certification paths for sales and service teams.
- Stood up the Nuance practitioner community through Viva Engage, Teams, and internal certification ladders.
- Partnered with Nuance SMEs and product managers to translate deep product knowledge into sales-ready enablement content.

Industrial Metaverse Activation Global Director (2023)

Built the global sales motion for Microsoft's industrial metaverse portfolio. HoloLens, Remote Assist, connected-factory solutions, Industry 4.0 use cases.

- Established strategic partnerships across manufacturing, automotive, and industrial services to extend reach of HoloLens and Remote Assist in real factory environments.
- Identified new market opportunities and drove development of customer-proven use cases that shifted the portfolio from emerging technology to commercial sales motion.
- Represented Microsoft's industrial metaverse strategy at industry conferences, trade shows, and executive briefings.
- Developed and managed KPIs, forecasts, and budgets for industrial metaverse go-to-market initiatives.

Sales Activation Director | XSA Solutions | Connected Field Service, Agile Factory, SAP on Azure (2022 to 2023)

Built the cross-solution sales motion for connected service delivery patterns requiring integration across multiple Microsoft Business Applications products.

- Designed the solution blueprint for cross-solution offerings through technical experimentation and customer validation.
- Moved three major solution plays from "emerging" into Microsoft mainline sales motion.
- Delivered business insight and influence across non-direct reporting teams.

Director of Worldwide Readiness | Dynamics Field Service & Remote Assist (2021 to 2022)

Led global sales education and certification for the Field Service and Remote Assist product lines during the COVID-era pivot to all-online delivery.

- Onboarded more than 500 technical sellers and partners in fiscal year 2022.
- Built and hosted the practitioner community that reached approximately 50,000 members through live streams, podcasts, and internal channels.
- Created content in Articulate 365 and Microsoft Worldwide Learning.
- Spearheaded the Technical Sales Communities for Dynamics 365, Dynamics Field Service, and the Manufacturing Sales Community for Dynamics 365.
- Delivered executive briefings for Microsoft customers on Dynamics 365 Sales and Service solutions with subject-matter expertise in Service Industry, Service Sales, and Service Team Management.

Biz Apps Technical Director Global Black Belt | Manufacturing & Automotive (2020 to 2021)

Technical lead for the Manufacturing and Automotive vertical across Dynamics 365 Field Service, Customer Service, and Sales.

- Built technical architectures for Field Service across Manufacturing, Retail, and Healthcare customers.
- Championed the global field service community as a speaker at industry events and internal Microsoft forums.
- Partnered with Product Engineering on the next-generation Field Service experience.

Director Global Black Belt | Dynamics Field Service in Energy & Manufacturing (2018 to 2020)

Senior Global Black Belt | Field Service (2015 to 2018)

The Global Black Belt role is the technical-sales counterpart to a worldwide product SME. I was the person in the room who could explain why the technology worked, what it would take to implement, and why the customer should sign.

- Served as worldwide SME for Dynamics 365 Field Service across enterprise manufacturing, automotive, energy, and service accounts.
- Architected proposed solutions aligning Dynamics 365 to customer transformation strategy, covering applications, integrations, identity, security, compliance, and hybrid cloud.

- Built and maintained C-level and IT-executive relationships at current and target enterprise accounts through discovery activities and executive briefings.
- Partnered with account teams, partners, and technical specialists to remove technical blockers and accelerate enterprise sales cycles.
- Nurtured partner relationships to generate additional license revenue.
- Received four Microsoft Titanium Awards for sustained excellence in Field Service sales and delivery during this tenure.

Scribe Software | Senior Solution Architect

Manchester, NH | 2012 to 2015

Integration platform vendor (later acquired by TIBCO). Five-time Scribe MVP during this period.

- Designed and delivered Scribe integration patterns at customer sites across the Dynamics and Salesforce ecosystems.
- Positioned Scribe integration products against competitors from both business and technical perspectives.
- Led presentations and panel discussions at industry and partner events.
- Authored training curriculum and expert technical content for the Scribe partner community.
- Delivered successful technical demonstrations and product launches at major industry trade shows.

WennSoft | Business Analyst & Senior CRM Consultant

Milwaukee, WI | 2011 to 2012

Field service and job-cost ISV on the Dynamics GP and Dynamics CRM platforms.

EHTC | Microsoft Dynamics Practice Group Manager

Grand Rapids, MI | 2003 to 2011

Built and ran the Microsoft Dynamics CRM consulting practice at a leading West Michigan Microsoft partner for nearly nine years.

- Earned two Microsoft Pinnacle Awards for Innovation.
- Reached Microsoft President's Club.
- Grew the CRM practice from a single-person specialty into a multi-consultant team serving regional and enterprise customers.
- Delivered Dynamics CRM implementations across manufacturing, professional services, financial services, and distribution clients throughout West Michigan and the upper Midwest.
- Developed, shipped, and delivered an integration product (Infuse) between Dynamics SL and Dynamics CRM.
